Grand Unified Micronational

The Grand Unified Micronational, commonly abbreviated as the GUM, is an intermicronational organisation with the aim of helping diplomatic relations between micronations, with a general focus on its own member states. Based around the MicroWiki Community and founded in January 2009, the GUM held an almost hegemonic sway over the community (especially under Robert Lethler's terms as Chairman) from the summer of 2009 until it declined in the summer of 2010. The GUM's regular discussion of current micronational topics and the fortnightly meetings held every second Sunday in a Skype chatroom make it one of the most active intermicronational organisations currently in existence, and the only remaining major intermicronational organisation in the MicroWiki Community after the dissolution of the OAM in December 2011 and IMTO in April 2012. When Lundenwic became a full member of the GUM it was unaware of the inactivity issues which manifested into a failed election within the organisation. However, renewed elections have seen a turnout vote of more than the 50% required. It would also seem that our very own Prime Minister might become the Secretary of Security and Community Affairs.

MORE RUTHENIAN HONOURS

Once again, our dear friends, Ruthenia has bestowed more honours on the Imperial Grand Duke and the Prime Minister. The Imperial Grand Duke was named honorary admiral of the royal navy of Ruthenia. The Marquis of New Charter was named rear admiral of the royal navy of Ruthenia. The Lundenwic government is unable to award any more honours to our Ruthenia friends due to a lack of foreign awards. There is a possibility of more being created.

CAPITAL SET TO MOVE... AGAIN!

The capital of Lundenwic will be moving for the second time in two years. The new capital will be almost double in size. The Prime Minister has promised this will be the last time, for a very long time. He also promised that the population will not be affected by the move. It is not known if the name of the capital will change although one suggestion was named as New New Charter. The move should be completed by late May or early June.

SECESSIONISTS CONVENT 2015

After missing a couple of meetings, the Marquis was able, once again, to represent Lundenwic in this meeting of incredibly different micronations and minds.

NATIONS CONTINUE TO REQUEST RELATIONS

Ever since Ruthenia became Lundenwic's first friend and ally, the government has been inundated with requests from other micronations. However, some have been turned down or fail to reply to communications.
