FOREIGN RELATIONS , HONOURS AND SUPPORT

JUNE has proved to be a busy month for Lundenwic. We have signed a treaty with the Grand Duchy of Breckland. It has been revealed that Breckland originally began life as the Soviet Socialist Kingdom of Breckland and that the first communique between our two nations was a letter of complaint from their Premier at the use of Communist propoganda against the CPL. A strongly worded reply and a week later, the Government had collapsed and Breckland had become a Grand Duchy just like ourselves. Since then, relations have been cordial resulting in a treaty of mutual recognition and friendship to be signed. Both sides agree that diplomacy has very much prevailed in this case and both look forward to greater relations in the near future.

Lundenwic has also been formally recognised by the Empire of Adammia. This was done through the 'Elections and

Diplomacy Act 2016'. The Empire of Adammia was established in April 2013 and is mainly based in Yorkshire, although they have territories in Devon and Ohio, USA. The Prime Minister remarked, "This is a nice surprise and a huge honour for the Imperial Grand Duchy. This highlights the growth and continued professionalism of our nation and its leaders." The Elections and Diplomacy Act 2016 can be found [here](#).

The Prime Minister was also honoured by Premier Dallin Langford of the Democratic Republic of Cinnamon Creek. The Marquis was made Commander of the Order of the October Sky on 26th June. The full article can be found [here](#).

Lastly, as the Lundener Civil War continues, the Imperial Government continues to be supported by numerous micronations. A full list of which can be found [here](#).

2016 BUDGET APPROVED

THE Imperial Grand Duke on 10th June approved the Budget 2016 without the assent of Parliament. The Imperial Grand Duke was only able to do this because of the current State of Emergency that exists within Lundenwic. The State of Emergency gives both the Imperial Grand Duke and the Prime Minister to pass legislation without the approval of the Parliament. This is the first time the powers have been used though with the Prime Minister also needlessly countersigning the document
